CERTIFICATE

Full-Stack Development
From uptech Sol

Internship in Web Development
From Uptech sol

PROFILE

Motivated and passionate web developer student seeking a summer internship opportunity to apply my skills in HTML, CSS, JavaScript, React, Node.js, and MongoDB. Eager to gain real-world experience, collaborate with experienced developers, and contribute to impactful web projects.

PROJECTS

Task Management System

- React, Node.js, Express, MongoDB, Tailwind CSS
- Built user and admin dashboards with protected routes
 - Implemented CRUD operations for task management
 - Users can log in using unique IDs and view only their assigned tasks

Job Portal Website

- React, Node.js, Express.js, MongoDB, Tailwind CSS
- Designed and developed a full-featured job portal with user and employer dashboards
 - Employers can post, update, and manage jobs
 - Job seekers can create profiles, view jobs, and apply directly
 - Implemented protected routes and role-based access control

Positivus - Digital Marketing Website UI/UX Design

- Figma | UI/UX Design | Web Interface | Prototyping
- Designed a modern, responsive landing page for a digital marketing agency called Positivus
 - Developed a clean and minimalistic user interface using Figma
 - Created wireframes and high-fidelity prototypes for desktop view
 - Focused on user-centered design to enhance readability and navigation

Founder & Tour Guide - TourEase

- Figma | UI/UX Design | Web Interface | Prototyping
- Designed a digital tourism guide platform aimed at international travelers visiting Pakistan.
 - Integrated an AI-powered chatbot to assist tourists with real-time travel queries (accommodation, visa help, cultural tips).
 - Developed a Story Writing Portal where users can share their travel experiences, memories, and photos.
 - Created dedicated sections for where to stay, budget planning, food recommendations, and local experiences.
 - Focused on making travel easy for international users by offering content in English, using real-time location info and price estimates.

Internship

Web Development Trainee

- Uptech Sol
- Learned Next.js for modern web applications
 - Worked with MySQL for database management
 - Developed a SaaS-based Salon Management System
 - Worked on frontend and backend integration
